Joseph Duncan is an insurance agent (License #849767) with Sound Planning Group, Inc and spends more than 50% of his time in this capacity. From time to time, he will offer clients products and/or services from these activities.

This practice presents a conflict of interest because it gives an incentive to recommend products and services based on the commission received. This conflict is mitigated by disclosures, procedures, and the firm's fiduciary obligation to place the best interest of the client first. The clients are informed that the advisor representative receives a commission on the sale of an insurance product that is paid directly by the insurance company and not from the client's insurance assets. The clients are not required to purchase any products or services. Clients have the option to purchase these products or services through the insurance agent or agency of their choosing, including those unaffiliated with SPG Advisors LLC and Sound Planning Group, Inc.

¹ The NSSA designation is awarded by the National Social Security Association LLC. They require the completion of an eight hour educational course that encompasses social security benefits and options. The individual must pass an exam, and renew their certification annually with 16 hours of continuing education.

² The RICP designation is issued by the American College of Financial Services. They require 3 years of experience in financial planning or a related profession, three required courses, and an agreement with the Code of Ethics. Additionally, the designee is required to complete 30 hours of education every two years.
